For Sweet Charity's Sake.
All our readers are familiar with
the recent destructive fire which vis-
ited Cloverport, Ky., and the distress-
ing situation among the homeless peo-
ple. Last week, Messrs. R. Kinpaire
and Jno. M. Farra concluded to get up
an entertainment in Lancaster and
send the proceeds to the stricken city.
Nearly every local musician readily
consented to take part, and in a few
hours a splendid program had been ar-
ranged. The owners of the Opera
House donated the use of their pretty
building, and the Symphony Orches-
tra, through its gentlemanly leader,
Mr. T. B. Long, consented to play.
The entertainment will be given this
Thursday, evening, commencing at
promptly at eight o'clock. The prices

Masonic.
Mr. Fred P. Frisbie was raised to
the sublime degree of Master Mason
by the Lancaster lodge Tuesday eve-
ning. The lodge works in the Fellow
Craft degree next meeting.

Dr. McKee's Meeting Closed.
Dr. McKee announced last Sunday
night that owing to trouble with his
throat, he would discontinue the meet-
ings at his church in this city. His
sermons were greatly enjoyed, and it
is hoped had the effect of awakening
the members to their duty to the
church.

Special Train to Tournament.
Prof. Patterson has arranged for a
special train train to run from Rich-
mond to Lancaster on first day of the
Tournament. It will connect with
the train from the North and reach
here about 1:30 p. m. This will be a
great convenience to those coming from
that direction. Newspapers interest-
ed please note.

A Wheel-Horse.
Rev. Geo. W. Young delivered a fine
lecture at the court house Tuesday
evening, which was enjoyed by a large
audience. Mr. Young is doing great
good for the cause of temperance, and
if there were more such men as he in
the world the old sphere would revolve
more smoothly.

Improvements at Cemetery.
The Ladies Auxiliary, which has
done so much good work toward mak-
ing improvements at the Lancaster
Cemetery, requests THE RECORD to
call attention of lot owners to the
fact that this is the time of year to
put the lots in proper condition. It
is strange that many people lose sight
of attending to the City of the Dead
and don't seem to care two straws how
the property is kept up. These ladies
have done much hard work in the
matter, and are entitled to great
praise. So much work has been done
that the few lots remaining unkempt
are brought out in such striking con-
trast as to cause much unfavorable
comment from visitors to the place.

Prospects for New Church.
At a business meeting of the officers
of the Lancaster Christian church, a
committee of some twelve brethren
were appointed to look into the ad-
visability of tearing down the present
old building and erecting a new and
modern house of worship. The com-
mittee will report to the congregation
next Sunday its hearty approval of the
idea, and recommend that steps be
taken at once to raise the required
amount. They think of erecting a
building to cost about \$15,000. The
plan suggested is to take notes from
the members payable in one, two or
three years, thus raising the required
amount by the time they will prob-
ably build the church, in the summer of
1903. There will probably not be a
dissenting voice to the proposition, as
the present building is not worth the
money it would require to put it in
anything like comfortable condition.
It is not large enough, the heating is
not satisfactory and the committee
thinks that every dollar spent on it is
virtually thrown away. This church
is the largest in both membership and
means of any in town, and they can
erect a modern and beautiful house
without feeling the cost very much.

Dainty orange wafers are exceedingly nice to pass with tea. A ginger or cinnamon wafer should be served with chocolate, and a plain unflavored one with coffee. You may, if you like, pass some little bonbons, like chocolate wafers, but you should not have any other refreshments at an afternoon tea. Remember that in these days elegance tends toward simplicity. —April Ladies' Home Journal.

Our good friend, Dr. E. G. Dick, of Crab Orchard, dropped in on us Saturday, and spent a few pleasant hours. He tells us the new management is making great improvements in the Springs property and the place will be run in first-class order this season. The number of patients at the Keeley Institute remains about the same, and he has his hands full looking after them. Dr. Dick is a gentleman, every inch, and a man of extraordinary sense and ability.

Miss Austin's friends are sorry to learn she is not connected with the whole store, for she is always found to be so agreeable and accommodating, and ever ready to wait upon customers.

Field's Minstrels. The Opera House was crowded Friday night to see Field's minstrels. The show was about on a par with those here this winter. Field was not with this company, as his show is divided and he is traveling with the other half. The street band was exceptionally good.

A Magazine That Grows.

The increasing hold that The Delinquent has upon the affections of American women is shown by the fact that the growth of the March issue over February was 90,000, being 590,000 in all. The first edition of 540,000 was exhausted within three days after publication and 50,000 more copies were needed to fill out the requirements. The first edition of the April number, just on sale, is 60,000.

Self-Supporting College Girls.

Every college girl, and every girl that wants to go to college, should read the college notes in The Delinquent regularly. The April number takes up the subject of working thro' college and shows how this can be done by scholarships and more original ways. In the Parisian letter of the same number are some words of advice to girls of artistic bent who go to Paris to study. These words mean "don't," unless fortified by uncommon strength of character.

Death of Mrs. Harris.

After a brief illness Mrs. Sallie Ann Harris died at her home, on Richmond street, Saturday night. Mrs. Harris was a member of one of the oldest and best-known families in the county, and was respected and beloved by many of the people. She was a member of the Christian church, and when in good health a constant attendant at the services. She leaves two daughters, Mrs. Sam Anderson and Miss Dove, who have much sympathy in their bereavement. Funeral services were held at the residence Monday afternoon, and the remains interred in the Lancaster Cemetery.

The Newspaper Man.

The newspaper man in some instances is like other people. He respects his friends, appreciates a kindness, and is always willing to return a favor. In other respects he resembles his fellow-man. He will not continue to pat a man on the back, tell him what a good man he is, and how much he has done for the town, and give him a free business puff every week, when the man will not, through prejudice or otherwise, patronize the paper. In other words, he stands by the man who stands by him. That's about the way with the world, and a newspaper man cannot be expected to be different from the other people. Don't you see?—Exchange.

Fine Tailoring.

As Lancaster is without a regular tailor, we have taken the agency for W. P. Woodcock, of Danville, who keeps from sixteen to twenty tailors employed in that place. We have a full line of samples and are prepared to make you a suit at any price. Our clothing is strictly hand-sewed and will not get out of shape in a short time like machine sewed goods. We guarantee a perfect fit. As we have just opened up we have cut our profits down in order to get trial orders. The regular cutter of Mr. Woodcock will come over once or twice each week to take measures. If you want a good fit and something that will give you good wear, and hold its shape, then give us a trial,—we can please you. Office over Police Court room. Come up and have your measure taken. mar-28 HASELDEN & KINNAIRD.

Good Words for Dee.

The Richmond Post-Dispatch prints the following:
Dee Turner, formerly a constable in the Kirkville district, and as clever a fellow as ever lived, is making a great "rep" as town marshal of Lancaster. He is a holy terror to natives of the "Chute" and "Battle Row," and the youngsters who once amused themselves shooting out the electric lights found they were up against "it" when Dee got after them. Crap shooters and "dope" fiends all look alike to Dee, and a blind tiger, is now an unknown quantity in Lancaster. We also notice that Louis Landrum has ceased to chew the rag about disorder in the opera house. Keep it up, Dee, and before long, instead of being known for miles around as one of the toughest "bugs" in the state, Lancaster will be looked to as a model of morality. Here's looking at you, Captain Turner.

County Court Day.

March court, as usual, was rather tame in point of business, with a small crowd in town. This Record is indebted to Mr. G. B. Swinebroad, the veteran trader, for the following items: He bought 20 shoats of O. T. Wallace at \$4.85, 10 stock shoats of Tinsley Bros. at \$5, 100 mixed hogs of different parties at \$4 to \$5.25, several head butcher cattle at \$2 to \$2.50, some light springer cows at from \$25 to \$30 per head. He sold a mule to Dillon at \$104, sow and pigs to Victor Lear at \$12, 13 stock heifers to John Walker at \$18.50 per head. Jas. Dunn sold a bull at \$40, and 19 head stock steers to Squire Tate, of Stanford, at \$21 per head. J. C. Lynn bought several head butcher cows at the pens at 3 to 3.4c. Also a lot of butcher cows of S. Morgan at 3 to 3.4c. There were about 350 head of cattle on the market, the demand for good stuff being brisk at 3 to 5c. Some sheep in town, but no demand. Few hogs sold at fair prices. The plug horse was on hand as usual and brought from \$25 to \$50.

Closing of the Colored School.

Prof. Jas. A. White, Principal.

The exercises of pupils in lower grades of Colored School were held Wednesday evening at Baptist church. At first, it seemed that the weather would be unfavorable, but the clouds cleared away and the little folks met the hour with the glees usually met in a Christmas holiday. Miss Bessie Miller, assistant, had charge of Miss Adams' pupils, with her own, the latter being sick. Mrs. Dr. Pettiford caused a silence by strains of music from the organ, thence the children marched to the stage and rendered with their voices, "Life is Real." They held their positions while Prof. C. F. Anderson implored Divine blessings, then they rendered "Crown them with Roses." The exercises continued for two hours with much interest and success.

The crowning exercises of the occasion were those that took place Thursday evening, March 21, at the Court House. A crowd was gathering all day Thursday from adjoining counties to witness the occasion. The clock on the steeple notified the spectators of the appointed time, and the strident instruments began to set the waves of air in motion. Thence through the lobby and into the temple of justice came Jas. A. White, his staff and those whose faces shone with honors they had achieved, and which they were about to receive in so great and grand a struggle. These divided at the entrance so as to descend the aisle on each side and passing each other on the stage, they were seated. The music included the Lancaster String Band with solos and chorus. La Grippe prevented the attendance

Prof. Iverson, of Lonaconing, Md., suffered terribly from neuralgia of the stomach and indigestion for thirteen years and after the doctors failed to cure him they fed him on morphine. The Drovers' Journal gives the following summary of the second day's sale of Shorthorns, at Kansas City, Mo., March 6, 1901: In the Kansas City sale pavilion 42 head of Shorthorn cattle from four of the leading herds of Kentucky, those of Abe Renick, of Sycamore; E. K. Thomas, of North Middletown; Oscar Johnson, of Winchester, and J. M. Hall, of Paris, were sold. Most of them belonged to Messrs. Renick and Thomas, Mr. Johnson selling about five and Mr. Hall one. The majority were young cattle, some being calves which have but recently been weaned. In view of this fact, the average brought \$203.21, must be regarded as a good one. The ten bulls brought an average of \$206.50 and 32 cows \$202. The highest price paid was \$505, which was brought by Mr. Thomas' bull, Fitzhugh Lee, sold to Harry Witten, of Trenton, Mo. Mr. Thomas' cow, 30th Mary of Glenwood, was bought by Will Robbins, of Horace, Ind., for \$410, and Mr. Thomas' cow, Lady Washington, by G. M. Casey, of Shawnee Mound, Mo., for \$420. THE LOUISVILLE TOBACCO MARKET

Total sales in this market last week were 3,785 hds against 4,077 hds on corresponding week of last year. Total receipts last week, 2,675 hds. against 2,758 hds for corresponding week last year. Rejections last week were 641 hds. 18 per cent of the auction sales against 19 per cent for preceding week. Of the total sales 3,256 hds were Burley and 529 were dark tobacco. The only change in the tone of the market since last week worthy of notice is the improvement in common grades. The red Burleys selling from \$7 down have met much better competition this week than last, and prices have been nearer outside figures of quotations. There was not much, if any, change in the grades above \$7. Some tobacco men thought they were a trifle easier, but an occasional neglected hoghead was accounted for by the fact that it was out of order. Some of the redrying houses of the manufacturers are pretty well filled and the buyers are discriminating a little more closely against the soft order samples. Color kinds were steady and strong at quotations.—Farmers Home Journal.

SORES AND ULCERS.

Sores and Ulcers never become chronic unless the blood is in poor condition. The blood, which we throw off the poisons that accumulate in it. The system must be relieved of the unhealthy matter through the sore, and great danger to life would follow should it heal before the blood is made pure and healthy and all impurities eliminated from the system. S.S.S. begins the cure by first cleansing and invigorating the blood, building up the general health and removing from the system a constant drain upon the system. When this has been accomplished the discharge gradually ceases, and the sore or ulcer heals. It is the tendency of these old indolent sores to grow worse and worse, and eventually to destroy the bones. Local applications, while soothing and to some extent alleviate pain, cannot reach the seat of the trouble. S.S.S. does, and no matter how apparently hopeless your condition, even though your constitution has broken down, it will bring relief when nothing else can. It supplies the rich, pure blood necessary to heal the sore and nourish the debilitated, diseased body.

Mr. J. B. Talbot, Lock Box 245, Winona, Minn., says: "Six years ago my leg from the knee to the foot was so sore and painful that I could not walk. Several physicians treated me and I made two trips to Hot Springs, but found no relief. I was induced to try S.S.S., and it made a complete cure. I have been a perfectly well man ever since."

S.S.S. is the only purely vegetable blood purifier known—contains no poisonous minerals to ruin the digestion and add to, rather than relieve your sufferings. If your flesh does not heal readily when scratched, bruised or cut, your blood is in bad condition, and any ordinary sore is apt to become chronic.

Send for our free book and write our physicians about your case. We make no charge for this service. THE SWIFT SPECIFIC CO., ATLANTA, GA.
